Self-Determination Theory in Human Resource Development: New Directions and Practical Considerations C Scott Rigby¹ and Richard M Ryan² Abstract The Problem There has been a "Copernican turn" in approaches to motivation and management: The focus in human resource development (HRD) and management circles today is no longer on how companies can motivate or ...

An Overview of the Schwartz Theory of Basic Values

An Overview of the Schwartz Theory of Basic Values Abstract This article presents an overview of the Schwartz theory of basic human values. It discusses the nature of values and spells out the features that are common to all values and what distinguishes one value from another. The theory identifies ten basic personal values that are recognized across cultures and explains where they come from.

Motivation: History of the Concept

Motivation: History of the Concept Evolutionary theory, the study of learning, and the psychoanalytic study of mental illness have been committed to see motivation as a primary cause of behavior, and this is also true of behavioral biology and physiological psychology, as they prefer to think in terms of homeostasis (Cofer and Appley 1964)
