Inca Road: The ancient highway that created an empire

The Inca Road is one of the most extraordinary feats of engineering in the world By the 16th Century it had helped transform a tiny kingdom into the largest empire in the Western hemisphere And to the envy of modern engineers, substantial parts of the 24,000mile (39,000km) network survive today, linking hundreds of communities throughout Argentina, Bolivia, Chile, Colombia, Ecuador and DiscoverySeries Poster 8.5x11 Spring C01

The 3,200 mile Inca Road was built over five hundred years ago to link the outposts of the Inca Empire Join renowned adventurer Karin Muller as she travels this route, spinning it into a modern tapestry of faces and memories, while intertwining a chronicle of the Inca and how they lived, worshipped, and warred In this expedition she searches for remnants of the ancient road, while offering a
