NATURAL PHILOSOPHY AND THEOLOGY IN SEVENTEENTH ...

Seventeenth Century England Harry John Pearce King's College, Cambridge September 2016 This dissertation is submitted for the degree of Doctor of Philosophy Preface This dissertation is the result of my own work and includes nothing that is the outcome of work done in collaboration except as declared in the Preface and specified in the text It is not substantially the same as any that I

Seventeenth-Century Print Culture

Seventeenth-Century Print Culture Joad Raymond University of East Anglia Abstract Early modern cultural historians hang on to Habermas' phrase 'the public sphere' against their better knowledge This essay looks at the historiographical back-ground to its reception and use, and proposes an alternative approach I I used to work night shifts in a bread factory It would have been nice to

The Past and Present Society

AND SEVENTEENTH-CENTURY FRANCE AND ENGLAND\* IN HIS NOVUM ORGANON, BLUEPRINT FOR THE NEW EXPERIMENTAL science of the seventeenth century, Francis Bacon advised prospective natural philosophers that: a compilation, or particular natural history, must be made of all monsters and prodigious births of nature; of every thing, in short, which is new, rare, and unusual in nature This ...

EARLY SEVENTEENTH CENTURY PIRACY AND BRISTOL

While the early Seventeenth century saw the beginnings of widespread piracy in England, the concept was by no means a new phenomenon Throughout the Hundred Years War, "every port in the West of England had its chief pirates, who came and went as they liked, always hand in glove with the local magnates and county landowners" While this was to continue well into the reign of Henry VIII

Law and Morality in Seventeenth-Century England

SEVENTEENTH-CENTURY ENGLAND\* The gap between known crimes and criminal sentences in pre-industrial England has long puzzled historians. Although most tried crimes were felonies and most indictments for felony resulted in capital convictions, relatively few convicts were condemned to die and even fewer were actually executed.<sup>1</sup> Until the last decade this distance between potential and actual

Seventeenth-Century England: The Evidence from Puritan ...

Seventeenth-Century England: The Evidence from Puritan Diaries THEODORE DE WELLES Uninhibited revelations about sexual behaviour and sexual attitudes are rare in the diaries of English Puritans writing in the late sixteenth and seventeenth centuries.<sup>1</sup> For whatever reasons, these works - or "journals," as contemporaries often called them - commonly insist on treating sexual issues with

The Fabric of Life: Linen and Life Cycle in England, 1678 ...

Cycle in England, 1678-1810 Alice Dolan Submitted to the University of Hertfordshire in partial fulfilment of the requirements of the degree of PhD June 2015 2 Abstract 'The Fabric of Life: Linen and Life Cycle in England, 1678-1810' is structured around the human life cycle to draw out the social and cultural importance of linen for all ranks of society. Human and object life cycles are

The Midwives of Seventeenth-Century London

seventeenth century.<sup>7</sup> The Church of England, with thousands of parishes throughout the realm, possessed the necessary bureaucratic framework and was to be the sole licensing authority for the licensing of midwives for more than two hundred years. Origins of licensing: Historians have generally theorized that the practice of licensing midwives by church authorities was legitimized by the

Domestic 1: Vernacular Houses - Historic England

and seventeenth centuries and even into the eighteenth century in areas like the North York Moors, but there are many regional variations. Wealden houses, to take one of the most celebrated and dramatic variants, take their name from the area of south-east England where the form was first recognised, but their distribution is much more

Birth Control and Conceptions of Pregnancy in Seventeenth ...

In England, the seventeenth century has been frequently associated with increased repression 'over sexual morality and family life'.<sup>2</sup> Nevertheless, contemporary sources suggest an awareness of birth control; early modern methods consisted of oral, herbal remedies or 'mechanical' means, and both were mentioned throughout the seventeenth century. More importantly however, there existed

Religious Statistics in Great Britain: An Historical ...

seventeenth century, there were two general religious censuses of England and Wales, in 1603 and 1676, the extant documents for which have recently become available in scholarly editions.<sup>1</sup> The former enquiry sought a return of communicants, recusants and non-communicants, the latter of conformists, papists and nonconformists. Both surveys suffered from an imprecise and inconsistent application.

The New England Colonies in the 17th Century

Seventeenth-century New England was characterized by a homogeneous society that revolved largely around Puritanism and its stern ideal of perfectionism. The New England colonies contained a healthy population with long life spans, a strong family structure, tightly-knit towns and congregations, and a diversity of economic activities. What political and religious circumstances in England led to

'Orderly made': re-appraising household inventories in ...

seventeenth-century England Donald Spaeth University of Glasgow ABSTRACT The amateur appraisers who prepared probate inventories were commentators on social and economic change in early modern England. This article considers the form these sources took, to illuminate the thinking of appraisers and the social context of appraising. Although historians recognise the limitations of ...

Female Education in 16th-17th Century England

16th & 17th Century England Influences, Attitudes, and Trends In fact, it appears that in England, prior to the 16th century, the start of Christianity there in the late 6th century through the 15th century, at least some members of all classes of society were taught to read. While in those years literacy was the prime tool for religious and learned scholarship, literacy was also a very

Garden seeds in England before the late eighteenth century ...

Specialist seedshops gradually developed in London in the seventeenth century and two shops are examined in some detail Seed selling between the late seventeenth century and 1760 is discussed against a background of the rapid development of consumer goods and services at the time The role of fashion and taste in shaping demand for garden seeds and their advertisement via the press

The economy of sixteenth century England

The Economy of Sixteenth Century England A Test of Rival Interpretations by Ben Baack· That the sixteenth century marked the beginning of a watershed in English economic history has long been recognized by both economists and historians Characterized by a variety of economic revolutions, it is widely accepted as having been the transition period between the decline of the medieval
