Image Of The Soldier A

The Image of the Soldier in Brendan Behan's *The Hostage* ...

The image of the soldier, as a hero who sacrifices everything to defend his country and values, is no longer depicted in modern drama. With two World Wars and many regional wars and civil wars, the soldier becomes a victim, not a hero. Authors present the character of the soldier as a man who suffers a lot as he is victimized by his own government and its politics that forces him to be in such

Beyond 'The Soldier and the State'

Huntington's *The Soldier and the State*, which became the field's fundamental theoretical framework. However, his

framework does not adequately define the field's key concepts. Developing a theoretical framework was just one of the

many things that Huntington set out to accomplish in that work. It also contained a treatise on Western military history, a theory of military sociology, and a theory

of the image of the soldier during the 1970s established "honoring the soldier" as a new form of enforced patriotic

behavior. In particular, I argue that the attempt to portray the "real" events of Vietnam constructed an image of the

wounded soldier that allowed audiences to empathize with American veterans. As the image of the wounded soldier was consolidated in American culture
