## Class Struggle and the Industrial Revolution

John Foster's Class Struggle and the Industrial Revolution<sup>1</sup> is a remarkable contribution to English historiography. It represents both a continuation of, and a stark contrast to, the impressive tradition of social history which has grown up in Britain in the last two decades. If the best work of English social historians has largely grown within a Marxist tradition, that Marxism has been

### Regulation for the Fourth Industrial Revolution: White Paper

Industrial Revolution changes the way we live and work, it is vital that our regulatory system keeps pace. This White Paper sets out our plan to maintain our world-leading regulatory system in this period of rapid technological change. ### Education, Economy and Social Change

analytical powers of theories of industrial society and its social institutions, which have informed sociological insights throughout the twentieth century have been seriously weakened, and secondly, given recent events in Eastern Europe and the Soviet Union, the foundation of alternative forms of social arrangements to capitalism have also been subjected to serious re-examination. As a result

### Methodism and the English Labour Movement 1800-1906

John Wesley's religion which combined evangelical proclamation and social action took deep root among the towns and cities of the new manufacturing areas of the country. His societies embraced perhaps as many as 100,000 by the time of his death in 1791, though it has been suggested that four times that figure may have been associated with his movement as 'hearers' or uncommitted ...

### The Industrial Revolution and British Imperialism, 1750-1850

the industrial revolution, it was a consequence rather than a cause of imperialism.<sup>0</sup> This approach will be referred to as 'Indianist'. It is argued here that both the gentlemanly capitalist and Indianist perspectives underrate the industrial revolution's role in British imperialism between 1750 and 1850. We concentrate on Indian affairs, especially for the decades 1790-1820, generally

### Review Article The Industrial Revolution in the Anthropocene\*

The Industrial Revolution in the Anthropocene\* Fredrik Albritton Jonsson University of Chicago | Recent historians of the Industrial Revolution, like the rest of us, have the peculiar fortune of living through the early years of the Anthropocene.
