INTERSUBJECTIVITY AND NEUROSCIENCE

unconscious intersubjective processes embody and reveal early relational styles and also introduces the important role of the analyst's self-disclosure A professional, middle-aged woman, married with two children, Tina had been in analysis before and, according to her, learned a great deal about herself and her relationship with her parents, both Holocaust survivors, now deceased

Gerson, S. (2004). The Relational Unconscious: A Core ...

The first is to extend the concept of the unconscious and its processes in a manner consistent with intersubjective views of human development and communication of knowledge In this regard, I will suggest that the concept of the relational unconscious best captures the theoretical and clinical implications of intersubjectivity Second, I will contrast the concept of the relational unconscious

intersubjective, unconscious processes Social constructionist challenges involved several different emphases The critical use of discourse analysis has ranged from the Foucauldian kind to what is usually known as discursive psychology, which takes as its focus discourse itself, rather than the speaker or writer (Potter & Wetherell, 1987

Samuel Gerson, Ph.D.

unconscious processes and more directly applicable to therapeutic concerns Enactments and intersubjective resistances are viewed as clinical manifestations of the relational unconscious, and the therapeutic action of psychoanalysis results, in part, from altering the structure of the relational unconscious that binds analysand and analyst Who is the third who walks always beside you? ...

Intersubjective-Systems Theory: A Phenomenological ...

Nor have we confined our usage to the realm of unconscious nonverbal affective communication, as Ogden (1994) seems to do We use intersubjective very broadly, to refer to any psychological field formed by interacting worlds INTERSUBJECTIVE-SYSTEMS THEORY 385 to a wide array of clinical phenomena, including development and pathogenesis, transference and resistance, emotional ...

Freudian Intersubjectivity

unconscious minds contacting, impacting, interacting and influencing each other In this course we will survey some classical and contemporary Freudian conceptions of what it means to deeply interact in these ways and take measure of the variety of conceptions of unconscious interplay that today we might call "intersubjective" What becomes evident is how the notion of the unconscious is

Article ORGANIZATIONAL CHANGE AND THE ANALYTIC THIRD ...

the nature of dialectical, intersubjective processes in object relations It is also consistent with the value placed on transference and counter-transference, and the self-consciousness of the analyst and his or her capacity to use the self as an instrument of observation The introduction of the concept of the third signifies a change in the psychoanalytic paradigm as well from one- to two

conflict, unconscious intersubjective processes and embodied practices on the formation of identity Nancy Chodorow, a feminist, relational psychoanalyst, sees her perspective as characterised by: The radically uncommonsensual and anxiety-provoking understandings underpinning psychoanalysis - that projective and introjective fantasies are ever-changing, that motives are unconscious, that

Sonja Falck - Abstract

intersubjective experience - termed 'unconscious processes' - that the giftedness literature neglects An 'Overview Model of Giftedness' was constructed to organize the research findings, which emphasizes the importance of person-environment interaction, belonging, competition, and collaboration Interpersonal difficulty was found to arise predominantly through relating categorized

(1998) Int. J. Psycho-Anal., 79:903-921 Non-Interpretive ...

'interactional, intersubjective processes' that alter the relational field within the context of what we will call the 'shared implicit relationship' The Nature of 'Implicit Relational Knowing' Implicit relational knowing has been an essential concept in the developmental psychology of pre-verbal infants Observations and experiments strongly suggest that infants interact with The Ouroboros (Part 2): Towards an intersubjective ...

These are: 1 intersubjective enquiry between researchers 2 ecological contextualisation 3 social activism 4 engagement with the unconscious Intersubjective enquiry The heuristic approach sees its participants as "co-researchers", who help the researcher create meanings and understandings However, so far, heuristic research has been widely described as a solitary process where a lone

Within, Outside, and In Between

that unconscious mental processes are contained within an individual psyche: Whatever thoughts and feelings are not available for conscious reflection and expression are determined mainly or exclusively by the workings of an individual's psychology More interpersonal approaches have emphasized the idea of a dynamic and fluid boundary between conscious and unconscious mental states that is

PSYCHOLOGIST - P, SUMMER PSYCHOANALYTIC RESEARCH ...

of unconscious processes, places not just conscious but unconscious affect at the core of the therapeutic mechanism If in the recent past psychology as a whole trivialized the concept of the unconscious, current neuroscience now is focusing on the critical role of affective processes that lie beneath levels of conscious awareness, an area of intense interest to Division 39 Neurobiological

A Neuropsychanalytic Viewpoint

and more generally intersubjective processes, are largely dependent upon right hemisphere resources, which are the first to develop " (p 591) Right brain increases in implicit relational knowledge stored in the nonverbal domain (Stern et al, 1998) thus lie at the core of the psychoanalytic change process In my 1994 book, I characterized the nature of then extant investigations of

Embodied countertransference - Michael Soth 2004 Introduction

relational framework which sees the therapeutic relationship as an intersubjective, culturally contextualised system of complex parallel body/mind processes To make this abstract framework applicable and practical, I will focus on the therapist's stream-of-consciousness in relation to that system As within any system, spontaneous processes of self-organisation (Maturana & Varela 1980) are
