The chapter also offers an outline of the overall structure of the book So much change in so little time it is difficult to imagine when thinking of counselling and psychotherapy in today's context that, not too long ago, it was quite different The proliferation of therapy across a range of settings and the subsequent embedding of therapy as viable choices for proportions of the

Introducing Counselling and Therapy Approaches

Literally psychotherapy means healing the mind or the soul Nowadays, most commonly the meaning of psychotherapy is broadened to become healing the mind by psychological methods that are applied by suitably trained and quali-fied practitioners However, as illustrated in this book, there are different approaches to therapy and, consequently, it is more accurate to speak of the psychotherapies

PSYCHOTHERAPY: PURPOSE, PROCESS AND PRACTICE

Introduction Psychotherapy is a process that changes the view of the self At best this "new" self is a more be-neficent se lf-concept, but psychotherapy can hardly be expected to establish reality That is not its fun c-tion If it can make way for reality, it has achieved its ultimate success Its whole function, in the end, is to help the patient deal with one fundamental error; the B.Sc. in Counselling & Psychotherapy
