Criticism of Freud and psychoanalysis

Modern criticism of Freud and psychoanalysis are generally thought to have started in the 1990s It is correct that this decade exploded with a sudden and noticeable increase of quantity But a few critical writings of the highest quality had been published from 1960 onwards Common to the modern critics is that they are more familiar than the psychoanalysts with Freud's writings and life

BIROn - Birkbeck Institutional Research Online

development of hysteria Writers tended to focus on adolescent girls as a newly identified vulnerable group in terms of psychological development French theorists spoke of double personality or dissociation, a term linked to the work of Pierre Janet in Paris In 1893, Josef Breuer and Sigmund Freud openly broke with the prevailing biological degeneration theories of the time They argued
