Mikko Moilanen ON THE MANUFACTURE OF IRON INLAYS IN ...

Crusade periods (Fig 1) 316 of these swords are dated to the Viking Age (Rätzy 1983: 10; Lehtosalo-Hilander 1985: 6-7) The above-mentioned figures are estimations which do not include the finds from the last two decades, so the number of Late Iron Age swords is probably even greater Moreover, blades without hilts and smaller fragments of blades are hard to date, so ...

Suitable for ages 7-11 KS2 History KS2 English Vikings

This Viking-age sword is over 1,000 years old It is in the Royal Armouries collection and is kept at our museum in Leeds It was discovered in 2001 at the bottom of the river Seine in France Like many Viking swords, the blade was double edged, meaning it was sharp on both sides, allowing the warrior to slice back and forth whilst fighting Sword

Article A Double Edged Sword: Swords, bodies and ...

In Anglo-Saxon and Viking literature swords form part of a hero's identity In addition to being weapons, they represent a material agent for the individual's actions, a physical expression of identity In this article we bring together the evidence from literature and archaeology concerning Anglo-Saxon and Viking-age swords and argue that these strands of evidence converge on ...

Indigenous and imported Viking Age weapons in Norway - a ...

The numerous Viking Age swords and spearheads found in Norway are a mixture of indigenous and imported items, but sound criteria for distinguishing between the two origins are lacking While Petersen's and other sword typologies are based on the hilts, the debate has mostly been centred on whether Nordic blacksmiths mastered the pattern-welding technique Spear- heads ...

VIKING-AGE YORK - Jorvik Viking Centre

VIKING-AGE YORK The City 4 Weapons Secondly, we can learn about Viking weapons by looking at those that have been found in the ground, and this naturally gives us a much better idea as to what the weapons were really like Some graves of Viking warriors have been found, like those at Kildale in North Yorkshire, where the dead were buried with their swords, spears, ...
